Re: **Machinery Documents required for Israeli Import License .**

My name is Moti Barness, and I'm Import Consultant working on behalf of your client in Israel, to prepare Import License. To enable me to get the Import License I need the following documents and photos, in English and in clear good quality pictures.

1. **Invoice / Proforma invoice** - Must include full Manufacturer / supplier details – address, telephone, e-mail .
 - a. Machinery Manufacturer name + Model + VIN Number
 - b. Engine Manufacturer full name + Model + engine number
 - c. **Customs Code (HS Code)**
 - d. CE – Machinery Directive (2006/42/EC)
2. **Machinery DATA Plate** A clear photo of the plate containing:
 - a. **CE MARK/ Stamp**
 - b. Manufacture name exactly as appear in CE
 - c. Model exactly as appear in CE + CE number
 - d. Production date (Month / Year)
 - e. Dimensions – height, length, width in cm
 - f. Weight – Net weight (for shipment) + Maximum load / operation weight
 - g. Size of wheels / or Chain
3. **Engine plate:** Clear photo showing Model + HP + serial number + Emission plate
4. **EU Type-Approval Certificate:** Proof that the engine meets **Stage V** emission requirements
5. **VIN / CHASSIS number:** A photo of the stamped chassis number exactly as on the plate
6. **Full technical data** including
 - a. Technical Drawing
 - b. maximum permitted speed,
 - c. net and gross weight
 - d. Bucket size and permitted load weight
 - e. attached equipment
7. **Catalogue** / Good quality pictures showing the machine from all 4 sides.
8. **EC - Machinery directive Attestation of conformity** to meet related directives
9. **Additional requirements** : The ministry of transportation may request further documents as A Warranty Declaration, Commitment to supply spare parts to Israel etc.

Always at Your service,

Moti Barness
