Re: **Required Documents for Israeli Machinery Import License. 6/2026**

I'm Import Consultant working on behalf of your client, to prepare Import License from Ministry of Transportation. I need the following information in English, accompanied with good quality pictures. If the machinery is not yet manufactured, I need documents of identical machinery. It takes few days to obtain the Import License. Once we get the import license, I'll recommend your client to pay the deposit.

1. **Commercial / Proforma Invoice**– *Must detail Machine Manufacturer & Model (and spare parts if in the same shipment) , full seller & buyer information. No machine pictures in the invoice.*
2. **Machine Identification Plate** – *CE stamp, manufacture name, model, serial number, weight*
3. **Engine Identification Plate** – *Clear photo showing Engine Model, Serial Number, Rated Power (HP/kW), and the official Emission Control Information label.*
4. **Chassis Identification (VIN)** – *picture stamped/engraved chassis/VIN number on the Chassy.*
5. **Machine Visuals & Marketing Material** – *Manufacturer's official catalogue and photographs showing the machine from all four (4) sides.*
6. **Full Technical Specification Datasheet** – *Comprehensive technical data, dimensions, net weight + operational weight , permitted speed, and operational capacities.*
7. **EU Type-Approval Certificate for the Engine** – *Official certification proving compliance with current non-road emission standards (Stage V).*
8. **Noise Emission Certification / Declaration** – *Proof of compliance with Directive 2000/14/EC regarding environmental noise emissions.*
9. **EC Declaration of Conformity (Machinery Directive)** – *Official declaration stating compliance with Machinery Directive 2006/42/EC.*
10. **EC Attestation of Conformity (Notified Body)** – *Third-party certification supporting the Machinery Directive compliance (if applicable).*
11. **Electromagnetic Compatibility (EMC) Certificate** – *Proof of compliance with ECE R10 or EMC Directive 2014/30/EU.*
12. **Boom / Lift only ! Specific Attachment Compliance** – *EC Declaration of Conformity specifically referencing standard EN 280 for mobile elevating work platforms.*
13. **Manufacturer's Declaration of Conformity** – *Official statement from the manufacturer confirming the product meets all relevant EU statutory requirements.*
14. **Warranty.**
15. **Authorized Dealer** – *Official letter from the manufacturer confirming the dealer is authorized, and that the global manufacturer's warranty applies to the machine in Israel.*

Always at Your service,

Moti Barness
